

X Infotech eVISA SOLUTION

EASY SECURE TIME-WISE

DIGITAL TIMES REQUIRE DIGITAL MEASURES

TRADITIONAL APPROACH

- Bales of paper
- Induced absence of passport for 2-4 weeks
- Complicated submission
- Time consuming procedure in total
- Need to visit consulate, even in another country
- Questionable status of visa upon arrival
- Poor personal data protection
- Almost impossible in emergency situations
- Risk of fraud and fakes
- Abandoning the idea of travel if complicated

eVISA APPROACH

- Digital forms available online
- Digital remote onboarding and ID verification
- Easy user-friendly submission
- Mobile device or web application
- Remote 24/7 access from anywhere
- Realtime visa status check
- Secure data check and protection
- Independent on external factors
- Realtime biometric border control
- Easy travel increases tourism-generated income
